

Urgent Care Centers

Urgent Care Centers should be utilized instead of emergency rooms when medical care is required after duty hours for Lyster beneficiaries. Emergency rooms are designed to treat medical emergencies such as heart attacks, accidents or other emergencies that occur when Urgent Care Centers may be closed. Below is a list of local Urgent Care Centers that are TRICARE Prime authorized. Remember, utilization of an Urgent Care Center vs an emergency room saves you wait time and possible payment of a medical claim. You must contact the After-Hours-Nurse line at 866-346-7672 to obtain referral for urgent care visits.
